THE UNIQUE ROLE OF WOMEN

The Toronto Diocesan Council hosted a virtual presentation on *The Unique Role of Women*. The event was organized by Connie Cristinziano, 2nd VP Education and Health Chair and facilitated by Eliza Trotter, Coordinator of Campus Ministries Office of Catholic Youth Archdiocese of Toronto.

The evening opened with a beautiful and meaningful prayer service prepared by Kate O'Quinn, Spiritual Development Chair on the Theme: "The Uniqueness of Women"

Some of the topics included in the presentation were; understanding women's essential dignity and equality; women's impact on the family, communities, workplaces, education, church and society and Saint John Paul 11 encyclical on The Feminine Genius and the Dignity and Vocation of Women.

Out of 151 registrants, 105 attended the presentation.

The presentation was very informative and inspiring. Perhaps councils can select a topic or two that they can use at their council meetings or special events.
